These Engines are not available for Export

The F1 & NEF Series are available for pleasure and professional commercial marine application using mechanical injection.

FPT ENGINE SPECIFICATIONS.

Prices quoted are for marinised engines, ready to install, but certain items from the OPTIONS list are essential requirements to ensure safe and reliable operation of the engine, and allow the engine to be registered for warranty. Th

To register the engine for F.P.T. warranty a questionnaire document needs completion by the installation engineer.

All engines will require suitable coupling parts to connect on to the chosen transmission system, and prices for these parts for common gearboxes are shown.

### FPT NEF ENGINE SERIES, UK OR EXPORT SALES

O ring, impeller (Jabsco) for N67-280	P4-182	£9
Screw Cam (Jabsco) for N67-280	P4-183	£7
Screws, Cover plate, 6 (Jabsco), for N67-280	P4-184	£9
Wear plate (Jabsco) for N67-280	P4-185	£9

### INSULATION OF EARTH RETURN ENGINES FOR FPT MODELS: N45-100, N67-150, N67-220, N67-280

METHOD A PARTS REQUIRED	PB-REF	PRICE
12V Insulated return electrics (Starter, Alternator & Pump Solenoid)	P4-186	£236
24V earth return Electrics (Starter, Alternator & Pump Solenoid). Request insulated return version.	P4-187	£268
Insulated control cable mounts and end terminations - per engine set	P4-188	£32

Take care to ensure there are no remaining metal-to-metal connections from engine to the structure of the hull.

METHOD B (Order these parts)	PB-REF	PRICE
Insulated return fuel pump solenoid -	P4-189	£91
Insulated return alternator - from	P4-190	£233
Ground-bridge solenoid to earth the cylinder block only whilst cranking	P4-191	£27
Insulated control cable mounts and end terminations - per engine set	P4-192	£32

Take care to ensure there are no remaining metal-to-metal connections from engine to the structure of the hull.

METHOD C (Order these parts)	PB-REF	PRICE
Anti Vibration AV mounts	P4-193	£396
Anti Vibration AV mounts for N67-280	P4-194	£422
R & D insulated flex coupling for output flange of gearbox - from	P4-195	£160
Insulated control cable mounts and end terminations - per engine set	P4-196	£32

Take care to ensure there are no remaining metal-to-metal connections from engine to the structure of the hull.

### MANUALS & PARTS BOOKS

WORKSHOP MANUALS [PRINTED]	PB-REF	PRICE
FPT N100-280 Electrical & Fuel	P4-197	USB
FPT N100-280 Engine Section	P4-198	£43
FPT N100-280 Parts Book	P4-199	POA
FPT N400 & 450 Electrical & Fuel (USB/Electronic)	P4-200	USB
FPT N400 & 450 Engine Section	P4-201	£43

#### REBUILT ENGINES > FORD

MODEL AND YEAR	CAPACITY	H.P. @ R.P.M.	PB-REF	PRICE
Ford 2725 OTO Rebuilt Engine   1994-2008	6.2 L	143 @ 2500	P5-1	£7,403
Assemble & Test	-	-	P5-2	£1,168
Ford 2728 TIM Rebuilt Engine   1982-2010	5.9 L	200 @ 2500	P5-3	£7,701
Assemble & Test	-	-	P5-4	£1,682
Ford 2726 T Rebuilt Engine   1982-2010	5.9 L	150 @ 2500	P5-5	£7,354
Assemble & Test	-	-	P5-6	£1,428
Ford 2725 E Rebuilt Engine   1982-2010	6.2 L	127 @ 2500	P5-7	£7,341
Assemble & Test	-	-	P5-8	£1,168
Ford 2722 E U Rebuilt Engine   1982-94	4.1 L	85 @ 2500	P5-9	£5,921
Assemble & Test	-	-	P5-10	£1,050
Ford 2704 ETI Rebuilt Engine   1968-82	6.2 L	180 @ 2500	P5-11	£7,701
Assemble & Test	-	-	P5-12	£1,682
Ford 2704 ET Rebuilt Engine   1968-82	5.9 L	150 @ 2500	P5-13	£7,354
Assemble & Test	-	-	P5-14	£1,428
Ford 2715 E Rebuilt Engine   1974-82	6.2 L	120 @ 2500	P5-15	£6,869
Assemble & Test	-	-	P5-16	£1,168
Ford 2712 E Rebuilt Engine   1968-82	4.1 L	80 @ 2500	P5-17	£5,721
Assemble & Test	-	-	P5-18	£1,050
Ford 2710 Rebuilt Engine   1968-82	3.9 L	70 @ 2500	P5-19	£5,721
Assemble & Test	-	-	P5-20	£1,050

Rebuilt engines are only supplied on an exchange basis and include all internal parts being refurbished or replaced as required. Repair/replacement of any Marinising or non-standard electrical parts is extra.

Old engine must be sent in with its Marinising equipment and ancillaries so that the base engine can be checked for acceptability. All rebuilt and used engines are full power dynamometer tested to check both the base engine and the Marinising equipment.

#### MARANISED USED EX-VEHICLE ENGINES

MODEL	CAPACITY	H.P. @ R.P.M.	PB-REF	PRICE
CUMMINS 6BTA	5.9 L	190 @ 2500	P5-21	£9,967
CUMMINS 6B	5.9 L	120 @ 2800	P5-22	£6,511
Ford 2700 Series	—	65 @ 2500	P5-23	£11,158
FORD XLD	1.8 L	55 @ 4000	P5-24	£4,499
FORD FSD	2.5 L	65 @ 3500	P5-25	£4,556

Used, ex-vehicle engines are offered subject to base engine availability.

They are initially free-run to look for major faults, then fully serviced and marinized with all new Marinising parts.

#### MANUALS & PARTS BOOKS

WORKSHOP MANUALS [PRINTED]	PB-REF	PRICE
New Holland EHD Electrical & Fuel (USB/Electronic)	P5-26	£35
New Holland EHD Engine Section	P5-27	£33
New Holland EHD Parts Book	P5-28	POA

### REBUILT ENGINES > FORD

#### FORD 4D AND 6D TRADER. 4-CYL 592E AND 6-CYL 590E.

Built till 1964. Marinized By Parsons, Power marine and a few others.

- 1 - The fresh water pump inlet is at 9 o'clock
- 2 - The injection pump has a rotating drive coupling between it and the front timing casing.
- 3 - There is a visible drive coupling between the sea water pump and the back of the injection pump.
- 4 - VERY early units have inline exhaust bolts, not two rows. After 1964 the tooling was sent to EBRO in Spain and Lehman sul

#### FORD 2700 DORSET SERIES 4 CYL 2711E, 2712E. & FORD 2700 DORSET SERIES 6 CYL 2713E, 2714E, 2715E, 2704ET, 2704ETI.

Built 1964 - 1984 marinized by Sabre, Mermaid, Lehman, Power marine, Water Mota, C.T., Sea power, Lancing Marine and ot

- 1 - Front timing cover is pressed steel, occasionally cast iron.
- 2 - No oil pipe running between injection pump and oil filter housing.
- 3 - Only one port on the fresh water pump, pointing either towards 2 o'clock or 5 o'clock
- 4 - Timing gears and sea water pump gear are angle-cut.

#### FORD 2720 DOVER SERIES 4 CYL 2722E. & FORD 2720 DOVER SERIES 6 CYL 2725E, 2726T.

- 1 - Front timing cover is cast aluminium.
- 2 - There is an oil pipe between the injection pump and the oil filter housing.
- 3 - Most marine/industrial engines have two ports on fresh water pump, though truck origin Cargo) 6-cylinder engines have 3
- 4 - Timing gears and sea water pump gear are straight cut.
- 5 - Drive belts are single V-belt or double V-belts.
- 6 - Exhaust and inlet ports are larger than 2700 series / Dorset engines

#### FORD 6 CYL 2725E, 2726T OTOSAN BUILD. & FORD 2728TIM, DAGENHAM BUILD, UP TO 1994.

- 1 - Generally similar to remainder of 2720 series.
- 2 - Have oil pump mounted at the front of the engine behind the crank pulley.
- 3 - Longer sumps 960mm overall length.
- 4 - Otsan engines have 3 port fresh water pumps with single / twin groove pulley up to 1999 , flat poly-V 8 groove drive from

#### FORD NEW HOLLAND 10, 40, 60 AND 70 SERIES / BSD444, 666, 678.

- 1 - Exhaust manifold is on opposite side of engine to inlet manifold.
  - 2 - Engine number is stamped on the bottom of block next to sump line.
- 10 & 40 series have CAV rotary injection pump.
- 60 series has Bosch rotary injection pump.
- 70 series has Bosch in-line injection pump.

V.A.T. extra on U.K. sales, except Channel Isles.

Packing & Carriage is extra, optimum time route & cost tailored to the clients needs.

Quantity terms available on request.

Thermostat, Mermaid 3-2720896	3-2720896	-	P11-38	£194

All engine repair parts are still generally available for the Dover and Dorset series, as well as the 4D220 Ebro engines, together with most of their Lehman Marinising parts, although some need to be replaced with alternatives.

We can also supply some engine parts for the Peugeot based 4D50 and 4D61, and although almost all of the original Marinising parts for these are no longer available, we are able to offer substitutes that convert both of them to more modern systems.

Base engine parts for Lehman Fords are listed on pages 5 - 9.

### ENGINE DRIVEPLATE & FLEXIBLE MOUNTS & OTHER ITEMS

DESCRIPTION	NOTES	OEM-NUM	PB-REF	PRICE

## FLYWHEEL ADAPPTIONS

DESCRIPTION	PB-REF	PRICE
Flywheel ring for XLD with own Mercruiser/OMC coupling fitted	P23-28	£263
Flywheel adaptor, FSD to Mercruiser or OMC coupling,	P23-29	—
Old style crankshaft fixing type	P23-30	£276
Flywheel driveplate spacer blocks for FSD drive plate (3), Volvo or new type Mercruiser / OMC	P23-31	£85
Modify own BMW drive plate to fit FSD bolt pattern	P23-32	£96
Flywheel drive plate, Volvo spline, 12", 1.9hp/100rpm "AM"	P23-33	£137
Flywheel drive plate, Volvo spline, 12", 3.8hp/100rpm "AN"	P23-34	£169
Spigot bush for XLD engine to accept Volvo primary shaft	P23-35	£24
Spigot shaft extension FSD, for Volvo B20/B23 4 cylinder primary shaft	P23-36	£46

## BELL HOUSING ADAPPTIONS

DESCRIPTION	PB-REF	PRICE
Engine backplate, XLD to Chevrolet, Volvo B20 or B23 bell housings	P23-37	£496
Engine backplate, Peugeot XUD to Volvo B23 pattern housing	P23-38	£496
Flywheel housing adaptor, FSD to Volvo 4 cylinder bell housing	P23-39	£655
Flywheel housing adaptor, FSD to Chevrolet pattern housing	P23-40	£659
Flywheel housing adaptor, Mercedes 601-606 to Chevrolet pattern housing	P23-41	£450
Machine & weld supplied Volvo or BMW flywheel housing to BorgWarner housing or spacer ring	P23-42	£306
Modify ex-vehicle aluminium flywheel housing to SAE7	P23-43	£690

See Page 44 for BorgWarner/SAE7 flywheel housings for most popular engines

## EXHAUST PARTS

DESCRIPTION	PB-REF	PRICE
Exhaust injection: With 2" (51mm) vertical down outlet, for FSD	P23-44	£362
Outlet, hi-rise or with body pointing sideways for XLD	P23-45	£344
Transom-mount exhaust outlet and rubber flap for 3" hose TRCPV	P23-46	£83
2" (51mm) to 3" (76mm) adaptor duct, straight	P23-47	£98
2" (51mm) to 3" (76mm) adaptor duct, elbow	P23-48	£98
3" (76mm), 3½" (90mm) OR 4" (102mm) alum hose plug	P23-49	£14
Blanking plate for exhaust connection Volvo 200-280 or 290 drive.	P23-50	£64

### EXCHANGE TUROCHARGES AVAILABLE FOR A WIDE RANGE OF MARINE, AUTOMOTIVE AND INDUSTRIAL APPLICATIONS.

Turbocharged Engine Warning:

The use of turbochargers on marine engines imposes considerable strains which can be sustained only if the basic motor is in first class condition and is operated with all due care

Suitability Note:

Lancing Marine components are designed to fit the most popular form of the designated engine known to us. If components are found to be incompatible with a particular varian

Advice:

Advice given on all products relates only to the suitability of our components for use in a particular system. We cannot undertake overall installation design work. Recommendati

V.A.T. extra on U.K. sales, except Channel Isles.

Packing & Carriage is extra, optimum time route & cost tailored to the clients needs.

BOWMAN HEAT EXCHANGERS, MANIFOLDS AND PARTS

## BOWMAN OIL COOLERS / HEAT EXCHANGERS

Page Updated: 01-Jan-24

Boatbuilder Prices | Bowman complete spares

### DC RANGE OIL COOLERS, HEAT EXCHANGERS - 3/8" BSP OIL PORT

Marine specification includes DZR Brass End Covers and Cupro Nickel Tubestack. Optional Composite end covers available.

Single Pass: Coolant Water passes through all of the tubes in a single pass.

Two Pass units have end covers which separate the internal area of the tube stack into two separate passes. Cooling water enters via the lower connection to pass through the first third of the tubes, it is then re-directed to the top connection to pass through the remaining two thirds of the tubes.

Three Pass: Cooling water enters via the lower connection to pass through the first third of the tubes, it is then re-directed to the top connection to pass through the remaining two thirds of the tubes.

#### BATTERY CABLE & TERMINALS

DESCRIPTION	PB-REF	PRICE
50mm cross sectional area per metre	P39-1	£16
70mm cross sectional area per metre	P39-2	£21
95mm cross sectional area per metre	P39-3	£29
Ring terminal connections 50mm M6 - 2 per set.	P39-4	£6
Ring terminal connections 70mm M6, M8 & M10 - 2 per set.	P39-5	£8
Ring terminal connections 95mm M8, M10 & M12 - 2 per set.	P39-6	£13
Battery post terminal connections 50-95mm - 2 per set.	P39-7	£16

#### LOAD SPLIT RELAYS

DESCRIPTION	PB-REF	PRICE
Load-split relay for combined charging of 2 separated batteries, up to 70A	P39-8	£20
Heavy-duty load-split relay for up to 200A	P39-9	£26

#### BATTERY CHARGERS

DESCRIPTION	PB-REF	PRICE
110/230v battery charger 12V 10A output Type ULTRA	P38-10	£243
110/230v battery charger 12V 30A output Type ULTRA	P38-11	£357
110/230v battery charger 24V 20A output Type ULTRA	P38-12	£464
24V DC to 12V DC, 70A converter/battery charger BB2412 35	P38-13	£357
12V DC to 24V DC, 40A converter/battery charger BB1224 70	P38-14	£381
230v battery charger, 12V, 40A output combined with 230v, 1600W inverter	P38-15	£1,120
230v battery charger, 24V, 25A output combined with 230v, 2500W inverter	P38-16	£1,120

#### BATTERY INVERTERS

DESCRIPTION	PB-REF	PRICE
12V or 24V inverter 230v 1800w output	P38-17	£381
12V or 24V inverter 230v 2700w output	P38-18	£685

V.A.T. extra on U.K. sales, except Channel Isles.

Packing & Carriage is extra, optimum time route & cost tailored to the clients needs.

Quantity terms available on request.

Page Updated: 11-Feb-24

Boatbuilder Prices

#### ZF 12 M MECHANICAL CLUTCH GEARBOX

Hydraulically actuated multi-disc clutches. Gearbox price includes fitted gear shift actuator (Mech).

Electrictrict actuation may be subsituted in place of Mechanical. Note requires valve kit.

Above options only available at price shown when ordered with gearbox as a unit.

ZF220A: 10° Angle Drive

Cooler size: LM Size 3. Gearbox output flange coupling diameter: 4.75" TD

#### 280-1 MARINE GEARBOX

GEARBOX	GEAR RATIO	HP/100 RPM	OEM-NUM	LIST PRICE	PRICE
ZF 280-1 SuperShift 2	0,814:1 (x)	18.75	3207002101	£8,020	£7,271

### ENGINE FLYWHEEL DRIVEPLATES - R&D AND CENTAFLEX

Page Updated: 15-Jan-24

Boatbuilder Prices

R&D Engine drive plates brochure

If replacing an existing drive-plate please check if a plate code (XX-XX-XX) is present.

The plate code (XX-XX-XX) consists of a Spline Plate number, followed by the Element code followed by the Back-plate (Flywheel) number.

Please contact for a precise Driveplate matching for your Engine & Gearbox combination.

The earlier loop type element designs have generally been replaced by High deflection & Hammer Head damper elements which further reduce

Driveplates are listed by Gearbox (Spline type) and Plate diameter (OD). Please check the selection sheet and Backplate list for flywheel compat

Driveplates marked XX-XX-99 are for custom backplates, where a drive plate has been made fa a custom PCD, number of holes and hole diameter

If your required driveplate is not listed please contact. We can match from more than the 800 buildable combinations.

### ENGINE FLYWHEEL DRIVEPLATES - R&D AND CENTAFLEX

Page Updated: 15-Jan-24

Boatbuilder Prices

R&D Engine drive plates brochure

If replacing an existing drive-plate please check if a plate code (XX-XX-XX) is present.

The plate code (XX-XX-XX) consists of a Spline Plate number, followed by the Element code followed by the Back-plate (Flywheel) number.

Please contact for a precise Driveplate matching for your Engine & Gearbox combination.

The earlier loop type element designs have generally been replaced by High deflection & Hammer Head damper elements which further reduce

Driveplates are listed by Gearbox (Spline type) and Plate diameter (OD). Please check the selection sheet and Backplate list for flywheel compat

Driveplates marked XX-XX-99 are for custom backplates, where a drive plate has been made fa a custom PCD, number of holes and hole diameter

If your required driveplate is not listed please contact. We can match from more than the 800 buildable combinations.

#### 10T SPLINE R&D DRIVEPLATE FOR PRM100, 101, 140, 160, 260, 280. VOLVO 100

### DEEP SEA SEALS MANECRAFT SMALL METRIC RANGE

P755CV Drive Shaft (Length: 352 +/- 12mm)	192	M16	P755-L	£9,887
P1025CV Drive Shaft (Length: 352 +/- 12mm)	-	-	P1025-L	£13,190
P1025CV Drive Shaft (Length: 352 +/- 12mm)	-	-	P1025-G	£13,190
P1500CV Drive Shaft (Length: 352 +/- 12mm)	-	-	P1500-G	£19,006

Constant velocity drive shaft guarantees a constant prop shaft speed, even when angles are unequal.

Prices charged will depend on manufacturers' prices and exchange rate at the time of order. Larger sizes can be quoted for.

### PYTHON-DRIVE LONG LENGTH & CUSTOM CV DRIVE SHAFTS

DESCRIPTION	OD DISC DIA (mm)	BOLT SIZE	OEM-NUM	PRICE
P30, P60, P80 500mm Long Drive-shaft	100	M8	P30/60/80 -	£462
P30, P60, P80 750mm Long Drive-shaft	100	M8	P30/60/80 -	£497
P30, P60, P80 1000mm Long Drive-shaft	100	M8	P30/60/80 -	£514
P110 500mm Long Drive-shaft	108	M10	P110 - 500 r	£583
P110 750mm Long Drive-shaft	108	M10	P110 - 750 r	£618
P110 1000mm Long Drive-shaft	108	M10	P110 - 1000	£652
P140 500mm Long Drive-shaft	122	M12	P140 - 500 r	£970
P140 750mm Long Drive-shaft	122	M12	P140 - 750 r	£1,005
P140 1000mm Long Drive-shaft	122	M12	P140 - 1000	£1,034
P200 500mm Long Drive-shaft	148	M12	P200 - 500 r	£1,542
P200 1000mm Long Drive-shaft	148	M12	P200 - 1000	£1,594
P501 490mm Long Drive-shaft	192	M16	P501 - 490 n	£3,038
P501 990mm Long Drive-shaft	192	M16	P501 - 990 n	£3,072

Constant velocity drive shaft guarantees a constant prop shaft speed, even when angles are unequal.

Drive Shafts are available in different lengths and can be made to suit individual sizes.

Please contact for custom length requirements.

### AQUADRIVE REPLACEMENT CV DRIVE SHAFT

DESCRIPTION	APPLICATION	OEM-NUM	PRICE

#### PROPELLER MATCHING & SIZE CACULATION

Select this link for a free Propeller Calculation and interpretation of results.

Lancing Marine provides a boat speed prediction and propeller calculation matching service for all vessel types using our in house propeller calculator. This tool has been developed and refined over many years for multiple different vessel types.

The estimation accuracy is dependant on the information provided. Attributes needed: hull type, vessel all up weight, waterline length, engine power. Please either call or e-mail us if you would like help with propeller selection for your application. Single calculations can be provided during no Boat speed & Propeller Calculation program available for all Windows PCs, XP to Win10, £25.

Nickel Aluminium Bronze

Select this link for a free Propeller Calculation and interpretation of results.

#### NOTES

- Prices are based on availability of pattern equipment in the required pitch and diameter.
- Check limit on shaft diameters.
- Prices include taper, bore and keyway to standard 1:12 or 1:16 for imperial or 1:10 for metric. Non-standard tapers extra.
- Cupping available on 65% and 73% B.A.R. Cost 15% extra.
- Nozzle type available in 55% turbine blade area only. Price as for turbine 50% of 1" larger diameter.
- Turbine blade also referred as a Round blade shape.
- For Magnesium Bronze in place of listed Nickel Aluminium Bronze deduct 10% from the listed price.
- Larger diameters available in some blade shapes and pitches. Price and availability on request.
- For more detail please select MENU > SERVICIES > WEB LINKS > CLEMENTS ENGINEERING

V.A.T. extra on U.K. sales, except Channel Isles.

Packing & Carriage is extra, optimum time route & cost tailored to the clients needs.

Quantity terms available on request.

#### PROPELLER MATCHING & SIZE CACULATION

Lancing Marine provides a boat speed prediction and propeller calculation matching service for all vessel types using our in house propeller calc. This tool has been developed and refined over many years for multiple different vessel types.

The estimation accuracy is dependant on the information provided. Attributes needed: hull type, vessel all up weight, waterline length, engine power. Please either call or e-mail us if you would like help with propeller selection for your application. Single calculations can be provided during normal business hours. The Lancing Marine propeller computer program is available for download via WETRANSFER to run on PCs up to Windows 10 for £50

#### GOLDLINE 2 BLADE PROPELLERS [35% BLADE AREA RATIO]

DIAMETER x PITCH (IN) AND DESCRIPTION	MAX SHAFT DIAMETER* IN (mm)	PB-REF	PRICE
11" Dia 2 Blade Propeller (GL235) in HTB1 material	1 (25)	GL235-11	£228
12" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/8 (28)	GL235-12	£240
13" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/8 (28)	GL235-13	£269
14" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/4 (32)	GL235-14	£288
15" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/4 (32)	GL235-15	£326
16" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/2 (37)	GL235-16	£365
17" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/2 (37)	GL235-17	£392
18" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/2 (37)	GL235-18	£442
19" Dia 2 Blade Propeller (GL235) in HTB1 material	1 1/2 (37)	GL235-19	£504
20" Dia 2 Blade Propeller (GL235) in HTB1 material	1 3/4 (44)	GL235-20	£529

Intended for Sailboat 6-10 knots application

Props are also available with heavy edges for canal and beach boats, with pitches about 6" to 8" lower than the

Boring of propeller (to suit your taper requirements typically 1:12 Imperial, 1:10 Metric ): £75

Powerline has a higher skew, higher rake for smoother performance.

Standard Prop Pitches are limited to the same or lower as the diameter. For Pitch/diameter ratios 1.5:1 or higher. Propellers are cast in Manganese Bronze or in Nickel Aluminium Bronze and finished to required shaft form available.

In stock propellers can be supplied within a week. If a factory order is required, delivery takes 8-12 weeks from casting.

Stock castings are mostly right hand (RH) rotation, however some stock is held for left hand rotation, please check.

Special adaptations possible see notes at bottom of page.

#### POWERLINE 3 BLADE PROPELLERS [43% BLADE AREA RATIO]

DIAMETER x PITCH (IN) AND DESCRIPTION	MAX SHAFT DIAMETER IN (mm)	PB-REF	PRICE
11" Dia 3 Blade Propeller (PL343) in HTB1 material	1 (25)	PL343-11	£281

Boring of propeller (to suit your taper requirements typically 1:12 Imperial, 1:10 Metric ): £75

Powerline has a higher skew, higher rake for smoother performance.

Standard Prop Pitches are limited to the same or lower as the diameter. For Pitch/diameter ratios 1.5:1 or higher a custom order is required.

Propellers are cast in Manganese Bronze or in Nickel Aluminium Bronze and finished to required shaft from available castings held in stock.

In stock propellers can be supplied within a week. If a factory order is required, delivery takes 8-12 weeks from order.

Stock castings are mostly right hand (RH) rotation, however some stock is held for left hand rotation, please check.

Special adaptations possible see notes at bottom of page.

#### SPECIAL ADAPTIONS

Please contact us for special adaptations. We can size and specify propellers to meet your custom application. Price indications as follows:

Pitch/diameter ratio 1.5:1 or higher: +10%

Stock propeller adjustment to your required diameter, pitch or bore we charge £20 per blade.

Boring of propeller (to suit your taper requirements typically 1:12 Imperial, 1:10 Metric ): £75

Cupping (use when replacing cupped propellers or for highly loaded applications): +10% on price.

Extra thickness (ideal for heavy duty applications): +10% on price.

Double extra thickness (ideal for inland waterways, light ice and where there is greater risk of impact): +20% on price.

Skew increased up to 30 deg on GOLDLINE or POWERLINE: +20% on price.

Skew increased up to 45 deg on GOLDLINE or POWERLINE: +25% on price.

Class '1' (for smoother running): + 15% on price.

Class 'S' (for smoother running on high speed vessels): + 30% on price.

Large bore (larger than max shown in price list): Price on application

Special bore machining, reverse bore etc: Price on application

#### Custom Manufacture

Please contact us for custom adaptations. We can size and specify propellers to meet your custom application including consideration of :

Custom thickness

Large Hub

Special hub machining

Custom blade shape or area

#### PROPELLER MATCHING & SIZE CALCULATION

Lancing Marine provides a boat speed prediction and propeller calculation matching service for all vessel types using our in house propeller calculator.

This tool has been developed and refined over many years for multiple different vessel types.

The estimation accuracy is dependant on the information provided. Attributes needed: hull type, vessel all up weight, waterline length, engine power.

Please either call or e-mail us if you would like help with propeller selection for your application. Single calculations can be provided during normal business hours.

The Lancing Marine propeller computer program is available for download via WETRANSFER to run on PCs up to Windows 10 for £50

#### GOLDLINE 2 BLADE PROPELLERS [35% BLADE AREA RATIO]

Nozzle Propellers

Thruster Propellers

Smaller / Larger diameters

Thicker blades

Large hub

Special hub machining

Custom blade shape or area

Nozzle propellers

Thruster propellers

Most custom requirements

V.A.T. extra on U.K. sales, except Channel Isles.

Packing & Carriage is extra, optimum time route & cost tailored to the clients needs.

Quantity terms available on request.

4m extension harness	P38-8	£83
8m extension harness	P38-9	£130
Push button for horn or other function	P38-10	£12
Start/run switch and 2 keys	P38-11	£20
Start/run switch and 2 keys with heat position 40580/181235	P38-12	£35
Warning light with 12V or 24V bulb	P38-13	£10
4m harness, start/run switch, 3 warning lights and starter relay	P38-14	£208
HD relay for 24V starter on two 12V batteries with 12V alternator 180290	P38-15	£256
Run/stop solenoid, 12V, with internally switched hold coil. STD (1" Coil)	P38-16	£112
Run/stop solenoid, 24V, with internally switched hold coil. STD (1" Coil)	P38-17	£166
Run/stop solenoid, 12V, with externally switched hold coil, H.D (1.5" Coil)	P38-18	£182
Run/stop solenoid, 24V, with externally switched hold coil, H.D (1.5" Coil)	P38-19	£210
Tachometer 0 - 4000 rpm, Alternator, Tach generator, Contact breaker or Perception sensed, with hour counter	P38-20	£82
Perception sensor and harness, or tachometer generator, insulated return	P38-21	£109
Hand held digital tachometer	P38-22	£124
Temperature gauge	P38-23	£26
Temperature sender with warning switch	P38-24	£14
Temperature gauge & sender with warning switch	P38-25	£40
Oil pressure gauge	P38-26	£26
Oil pressure gauge & sender with warning switch	P38-27	£54
Oil pressure sender 5bar with warning switch	P38-28	£26
Oil Pressure sender, 5bar, insulated return, European characteristic, no switch.	P38-29	£55
Fuel gauge	P38-30	£26
Fuel Sender dip type 300mm	P38-31	£48
Fuel Sender dip type 450mm	P38-32	£58
Fuel Sender dip type 600mm	P38-33	£68
Fuel Sender, swinging arm type, adjustable.	P38-34	£90
Boost pressure gauge, digital, with sender for 1/8" NPT connection	P38-35	£82
Gearbox pressure gauge, digital, with sender for 1/8" NPT connection, 40bar	P38-36	£76
Water tank level sensor and changeover switch for fuel gauge	P38-37	£127
Battery voltmeter, digital 8-32V	P38-38	£26
4-in-1 temperature, oil pressure, tank level & 12V meter, with senders*	P38-39	£334
Standard instrument panel for 1 large and 4 small instruments	P38-40	£64
Round panel and 3 3/4in chrome plated brass bezel	P38-41	£130
Flybridge round panel and bezel with 3 warning lights, re-start button, 2-channel alarm & 4m harness to main station	P38-42	£341
0/600psi gearbox pressure gauge, direct mounting	P38-43	£108
Intake blockage sensing alarm kit	P38-44	£203
Over-temperature sensing switch, earth return	P38-45	£25
Over-temperature sensing switch, insulated return	P38-46	£26
Oil pressure switch, earth return	P38-47	£14
Oil pressure switch, insulated return, adjustable	P38-48	£64
Oil pressure nipple & tee	P38-49	£7
2 channel warning siren, 12-24V	P38-50	£42

## INSTRUMENTATION AND CONTROL SYSTEMS

### INSTRUMENT PANELS, INSTRUMENTS AND ACCESSORIES

Page Updated: 14-Mar-24

Need help? Phone our experts on 01273 410025 or E-mail [data@lancingmarine.com](mailto:data@lancingmarine.com) for advice - Boatbuilder Prices

#### INSTRUMENT PANELS

All senders are earth return, except for fuel or digital or as indicated,

All instruments are for 12-24V DC operation, except \* which are 12V only

Items identified (F) do not match the remainder of the instrument faces. Temperature Oil pressure characteristic matches European VDO standard.

V.A.T. extra on U.K. sales, except Channel Isles.

Packing & Carriage is extra, optimum time route & cost tailored to the clients needs.

Quantity terms available on request.

## BOWMAN HEAT EXCHANGERS FOR INDUSTRIAL LAND BASED APPLICATIONS

Page Updated: 01-Jan-24

### EC TYPE LAND BASED HYDRAULIC OIL COOLERS

Type	HEAT DISSIPATED [kW]	MAX OIL FLOW [l/min]	COOLANT FLOW [l/min]	PRICE
EC80-1425-1	4	80	80	£177
EC100-1425-2	9	92	80	£213
EC120-1425-3	13	77	77	£269
EC140-1425-4	17	68	72	£316
EC160-1425-5	22	64	66	£397

Body lengths for the above coolers: EC80 98mm, EC100 184mm, EC120 270mm, EC140 368mm, EC160 454mm  
All bodies 84mm diameter.

Oil type ISO VG 37, Oil outlet temperature 50 degC Oil pressure drop 100 kPa Water inlet temp 10 degC  
For LAND-BASED installations, standard units are supplied with cast iron end covers.

Where sea water is used for cooling, MARINE specification end covers MUST be used.

High Temperature Standard products are suitable for cooling oil up to 120 °C but our comprehensive range of products is also available for deep underground mining applications, where ambient air temperatures can be as high as 30 °C.

Mining Applications For deep underground mining applications, where ambient air temperatures can be as high as 30 °C, our range of products is also available for deep underground mining applications, where ambient air temperatures can be as high as 30 °C.

SAE Flanges: On Bowman GL size hydraulic oil coolers and larger, SAE oil flange connections are available. Sealing rings are available on some units enabling easy service and maintenance of the cooling system.

Tube Stack Options: Whilst cupronickel is the standard tube material on all units, but titanium tube is available for deep sea applications.

### FC TYPE LAND BASED HYDRAULIC OIL COOLERS

Type	HEAT DISSIPATED [kW]	MAX OIL FLOW [l/min]	COOLANT FLOW [l/min]	PRICE
FC 80-1426-1	13	140	140	£375

Items quoted to order and subject to shipping and handling, we import in batches or single order if required.

#### ENGINE EXHAUST SYSTEMS

During the operation of any marine engine-gas or diesel-exhaust gases are produced and must be removed from the engine and conducted outside the boat. While there are tw

#### EXHAUST MANIFOLD

Attached to the engine is an exhaust manifold with its exhaust inlets matching the exhaust outlet ports of the engine.  
Circulating cooling water through the water jacket surrounding the exhaust gas chamber cools this manifold.

#### EXHAUST CONNECTOR

At the exhaust end of the manifold is an exhaust connector. This connector is an intermediary between the manifold and an exhaust hose or pipe. Tis connector also mixes the e

### EXHAUST MANIFOLD FOR PERKINS T6.354

height difference between the center line of the exhaust end of the center line of the transom overboard exhaust fitting, the exhaust connector can be an exhaust dump or drop of a convenient angle. In those instances where the manifold is not appreciably above or is below the overboard fitting, an exhaust riser is used

#### BACK PRESSURE

From an engineering viewpoint, the most critical design requirement for exhaust systems is to limit the backpressure on the engine to a minimum. Backpressure is the pressure of the exhaust gases and to provide for a uniform gas flow away from all cylinders. Barr manifolds and exhaust connectors are designed to minimize backpressure. In many cases, after replacement of the exhaust system, the backpressure is reduced.

#### Replacement Exhaust Systems

When the need arises to replace an OEM-installed manifold and/or exhaust connector, one of the three situations will exist: replacement of both manifold and connector, replacement of the manifold only, or replacement of the connector only.

Heat exchangers for Battery, Power Electronics - Inverter and E-Motor/Machine application

Cupro Nickel cored coolers available from our standard range see Page 28.

Indicated performance of Bowman titanium heat exchangers is given using 50/50 water/glycol coolant, with 40°C coolant outlet temperature and 30°C seawater

Heat exchangers with aluminium body, titanium tubes, composite end covers and EPDM seals suitable for cooling electric and hybrid propulsion systems and equipment

Required information: Coolant type and concentration Heat to be dissipated in kW Required coolant outlet temperature in deg C, Coolant flow in L/min, Seawater

Larger size heat exchangers are also available for systems that require greater heat dissipation.

Need help? Phone our experts on 01273 410025 or E-mail [data@lancingmarine.com](mailto:data@lancingmarine.com) for advice - Boatbuilder Prices

We have been manufacturing, supplying and repairing marine engines, gearboxes and sterngear for over 50 years, and in

Over the years we have built up the UK's widest stock of marine engineering components, with more than a hundred

Our vast stock includes thousands of Ford and Perkins diesel engine spares, both from original manufacturers' stocks and from after-market suppliers around the World, which gives us a wide source of parts to enable the repair of older engines. We are also the largest stockist of the Bowman heat exchangers, manifolds and oil coolers which are used on many Ford and Perkins engines, dedicated Bowman parts for many other makes, as well as general purpose components for fitting all

Another component for which we are the major distributor is the Imanecraft Deep Sea shaft seal which we now supply throughout U.K. and to a number of major overseas markets.

We hope you have a great season's boating.

Lancing Marine  
TRADE PRICE BOOK 54.3

PROPRIETORS: BELLAMYS M & A LTD. Registered: London 384105

As our pricing is now dynamic to keep up with market trends, material costs, exchange rates, and manufacturing economies; whilst we do try to keep prices stable, this book must be regarded just as a snapshot of the prices at the time of printing, and the prices posted on our web site at the time of order will be the ruling prices.

Quantity terms are available on boatbuilder prices except where prices are stated as 'Nett'.
